## ➤ Product update

The screenshot shows a web browser window with the address bar displaying `localhost:8080/Assignment_kp/ProductUpdatePage`. The browser's taskbar at the top includes icons for 'Apps', 'Amazon Pay balance', 'Illinois Tech Login', 'Microsoft Word', 'Alerts - Bootstrap', '0 Notifications', 'Introduction - Boots...', and 'ParvaBhayani (Parva...'. The application's navigation bar is blue and contains links for 'HOME', 'ADD PRODUCT', 'UPDATE PRODUCT', 'DELETE PRODUCT', and 'SIGN OUT'. The main content area has a red heading 'Welcome Store Manager'. Below this is a section titled 'Product Update' in red. It contains a text input field for 'Enter Product ID' with the value '76', a dropdown menu for 'Select Product Category' with 'Phones' selected, and a large green button labeled 'Update Product'.

## ➤ Delete product

The screenshot shows a web browser window with the address bar displaying `localhost:8080/Assignment_kp/ProductDeletePage`. The browser's taskbar at the top includes icons for 'Apps', 'Amazon Pay balance', 'Illinois Tech Login', 'Microsoft Word', 'Alerts - Bootstrap', '0 Notifications', 'Introduction - Boots...', and 'ParvaBhayani (Parva...'. The application's navigation bar is blue and contains links for 'HOME', 'ADD PRODUCT', 'UPDATE PRODUCT', 'DELETE PRODUCT', and 'SIGN OUT'. The main content area has a red heading 'Welcome Store Manager'. Below this is a section titled 'Product Delete' in red. It contains a text input field for 'Enter Product ID' with the value '72', a dropdown menu for 'Select Product Category' with 'Phones' selected, and a large green button labeled 'Delete Product'.
